Old Business:

D. Compton reported he would like permission to decommission and dispose of the old chair that we had replaced for Thelma. R. Evens made a motion to decommission and dispose of the old chair, 2nd R. Ward. Motion passes unanimously.

D. Compton reported that he had meet with Roy Snider, Mayor of Verona, and he feels as though the City was agreeable to making some modifications to the proposed temporary truck route. He said that he noted to the Mayor the need to widen, pave, and add additional signage to the route. The possibility of mitigating the risk by completing the work over a weekend with BCP reducing the number of trucks incoming and outgoing during the work also appeared to be a possible solution. Since the project is at least a year away Compton believes there will be sufficient time to set down with BCP, Road District, and City Officials to plan for any needed detours.

New Business:

D. Compton reported that we have received the new Haz-Mat "Spill Cards" after some discussion it was decided that the Executive Committee would research the possibility of obtaining visor caddy's to distribute the cards in to area emergency responders, tow operators, and remediation companies.

Recent Incident reports include;

R. Evans and D. Compton reported on a spill on Lawrence County FR 1200/2175, were a qty of fuel was spilled. The company, Willow Brook Farms, has not contacted the LEPD office.

D. Compton reported on a MVC with a diesel fuel spill that occurred on September 09, on I-44 at the H Hwy overpass. As of this time no one has reported the spill and remediation to the LEPD. D. Compton continues to look for the owner.
